

What's Happening at Clean Green Guy?

Newsletter Volume 1, Issue II
November 20, 2009

We welcome all our new members and the brand new deals posted on the [Deal Marketplace](#). Because [Clean Green Guy](#) is growing and expanding at a fast rate, we want to keep you up to date. If you don't already know, we are an online platform that connects Entrepreneurs and Inventors with Investors, Financiers and Service providers in the green space with the goal of deal making and job creation.

In this issue you will find our latest deals, an article that will explain how to properly use our website for your business, the latest Discussions and Articles on our Clean Green Board and recent website updates.

We are working hard to enhance our member experience. Hope you enjoy using the website to not only help your business and deal flow but also to help make sense of green.

The Clean Green Guy Team

DEALS IN DEAL MARKETPLACE

- [Green Building Material Eliminates The Need for Lumber in Residential and Commercial Structures](#)

Background: We hold the patent on a paradigm-shifting technology that will eliminate the need to cut down trees to frame houses and small commercial buildings. Our patent allows for the quick, efficient and superior framing of a house using post-consumer styrofoam waste and cement to make

1st Independent Leasing, Inc.
Beaverton, OR, United States

Who I am:

Service Provider, Capital Broker/Dealer

Interests:

Project and Equipment Financing for Wind

click-together blocks that eliminate jobsite waste and build an energy efficient structure.

Seeking: \$8,000,000

Services Desired: Capital Broker / Dealer

- [Wind Turbine Manufacturer in Oregon](#)

Background: The capital is to be used to pay for a larger manufacturing plant and more equipment (\$850K), and the rest for project financing as they have orders for these wind turbines to complete and don't have the capital to complete them. There are 3 owners, all strong. They own large parcels of real estate free and clear and have placed a large amount of their own funds into this project to date.

Seeking: \$4,000,000

Services Desired: Capital Broker / Dealer

- [Biogreen Diesel](#)

Background: Based in Cape Town, South Africa, the company purchases/procures used cooking oil/fats. This used oil is then processed via our patented jet reactor technology into BIODIESEL. This BIODIESEL is then blended into mineral diesel and sold to companies to reduce their carbon footprint.

Seeking: \$1,000,000

Services Desired: Capital Broker / Dealer

- [Thin Film PV Technology project](#)

Background: We are developing the next generation thin film which will deliver a highly efficient and flexible form factor at a low cost to customer for their needs. We utilize thin film technology that optimizes conversion efficiency and also lowers manufacturing costs.

Seeking: \$3,500,000

Services Desired: Business Consultant, Engineering Firm

- [SafePlug Smart Energy Management](#)

Background: Consumers need choices and tools to manage their energy that is coupled with convenient features and something of great value to

Power and Solar Power Markets

families...safety. 2D2C, Inc. delivers this safety benefit to consumers from a (smart)safe receptacle technology, SafePlug, that prevents electrical fires and provides child shock protection.

Seeking: \$6,500,000

Services Desired: Capital Broker / Dealer

- [Santa Monica Electric Vehicles](#)

Background: 3rd Millennium Energy has partnered with Fairly Bikes to create Santa Monica Electric Vehicles. We plan to bring a line of electric bikes, trikes and Light Electric Vehicles to the American market by initially opening our own regional retail outlets then franchising operations to create the first chain offering EVs.

Seeking: \$3,000,000

Services Desired: Capital Broker / Dealer

LATEST ARTICLES

- [Green Organizations: Building a Brand Identity](#)
New green organizations must develop a solid brand identity—a company with even a hint of instability or vagueness of purpose runs the risk of being brushed aside in favor of a company with a clear message.
- [Spreading the Green: An Introduction to Licensing](#)
Agreements for the Green Business Professional
Mention a license agreement to the typical business owner (whether in a green or any other industry), and either their eyes glaze over thinking of page after page of legal gobbledygook, or else visions of

dollar signs (large dollar signs) dance in their heads as they picture their lawyer billing them for every last second of time spent sifting through the gook to get to the gobble.

- [New CA Bill Will Require Commercial Property Owners to Disclose Energy Efficiency Labeling Starting in 2010](#)

The paradigm shift for California's commercial property owners to meet minimum energy usage and high performance green standards is occurring at a tremendously fast pace. Assembly Bill 1103 will be implemented statewide starting in January 2010.

- [Green Securities - Raising capital for your Green Business](#)

Green is in. For decades, we've talked about the emergence of green tech and green business. The current political and social momentum we have for the green industry is perhaps the strongest any of us have ever witnessed. Green is not always cheap.

Clean Green Guy Website Updates

1. We were featured in this summer's LMU Business School Alumni Newsletter. Have a look at the article:

[Striking Gold for Green Business](#) by Mary Ann Mace

2. Clean Green Guy has gone International! We now have many international members and deals in the deal marketplace. Because we've received so much interest from countries across the world, we have added a new international billing feature to the website. If you have problems with an international payment, please contact us at: support@cleangreenguy.com.

3. Have a suggestion for an enhancement to the website? E-mail us at tech@cleangreenguy.com.

We want to hear your feedback and suggestions. Please send to contact@cleangreenguy.com
