The Clean Green Guy Team

Deals In Deal Marketplace

- [ProtXL Oil & Fuel Filtration system](#)

Background: Winchester Global PL through its oil filter product ProtXL (protects all) addresses the fundamental issues of machine availability, performance and extended service life. These issues largely are a function of moisture-in-emulsion and particulate contamination of lubrication oils and fuel.

Seeking: \$2,000,000

Services Desired: Distribution, Supply Chain, Capital Broker / Dealer

- [Green Fuels Fund and Incubator in SoCal](#)

Background: Our group is working on launching a seed fund geared towards helping launch ventures in cleantech. The fund will be limited to investing up to a maximum of \$50,000 per company and take strong positions within the management team and equity. The objective is to find after suitable due diligence projects which have good potential for sound IRR and are game changers.

Seeking: \$1,000,000

Services Desired: Business Consultant, Legal, Capital Broker / Dealer

- [Green Building Material Eliminates The Need for Lumber in Residential and Commercial Structures](#)

Background: We hold the patent on a paradigm-shifting technology that will eliminate the need to cut down trees to frame houses and small commercial buildings. Our patent allows for the quick, efficient and superior framing of a house using post-consumer styrofoam waste and cement to make click-together blocks that eliminate jobsite waste and build an energy efficient structure.

Seeking: \$8,000,000

Services Desired: Capital Broker / Dealer

(\$850K), and the rest for project financing as they have orders for these wind turbines to complete and don't have the capital to complete them. There are 3 owners, all strong. They own large parcels of real estate free and clear and have placed a large amount of their own funds into this project to date.

Seeking: \$4,000,000

Services Desired: Capital Broker / Dealer

- [Biogreen Diesel](#)

Background: Based in Cape Town, South Africa, the company purchases/procures used cooking oil/fats. This used oil is then processed via our patented jet reactor technology into BIODIESEL. This BIODIESEL is then blended into mineral diesel and sold to companies to reduce their carbon footprint.

Seeking: \$1,000,000

Services Desired: Capital Broker / Dealer

- [SafePlug Smart Energy Management](#)

Background: Consumers need choices and tools to manage their energy that is coupled with convenient features and something of great value to families...safety. 2D2C, Inc. delivers this safety benefit to consumers from a (smart)safe receptacle technology, SafePlug, that prevents electrical fires and provides child shock protection.

Seeking: \$6,500,000

Services Desired: Capital Broker / Dealer

- [Santa Monica Electric Vehicles](#)

Background: 3rd Millennium Energy has partnered with Fairly Bikes to create Santa Monica Electric Vehicles. We plan to bring a line of electric bikes, trikes and Light Electric Vehicles to the American market by initially opening our own regional retail outlets then franchising operations to create the first chain offering EVs.
